

AHAMED ASFAR

Chennai, Tamil Nadu ♦ +91 7339387355 ♦ ahamedasfar0@gmail.com ♦ LinkedIn ♦ GitHub

PROFESSIONAL SUMMARY

Aspiring AI-focused Software Developer with a strong foundation in Python, Java, JavaScript, React, Node.js and SQL. Experienced in building web applications, automation tools and practical software projects. Uses AI-assisted development tools to accelerate coding, research, debugging and problem-solving. Interested in integrating AI capabilities into software applications and continuously developing skills in AI engineering and intelligent application development.

EDUCATION

Aalim Muhammed Salegh College of Engineering, Chennai *2022 – 2026*

B.Tech – Information Technology *CGPA: 7.7/10*

WORK EXPERIENCE

KAR Advertising, Chennai *2022 – Present*

Part-Time

- Handled customer communication and assisted with day-to-day advertising service requirements.
- Developed and used AI-assisted automation workflows to streamline WhatsApp marketing customer outreach.
- Handled customer information and maintained records related to advertising requirements.

PROFESSIONAL DEVELOPMENT

- Full Stack Java Development – QSpiders, Chennai *2026 – Present*
- Participated in Residential Students Workshop at IIT Madras.

AI & SOFTWARE PROJECTS

Decentralized Certificate Verification System

- Developed a blockchain-based system for issuing and verifying academic certificates.
- Designed the system to provide secure and tamper-resistant certificate verification.

WhatsApp Bulk Messaging Automation

- Developed a Python-based automation tool to send personalized WhatsApp messages using CSV data.
- Implemented dynamic fields such as customer names and dates to automate personalized communication.

Personal Portfolio Website

- Developed a responsive personal portfolio website using HTML, CSS and JavaScript.
- Used AI-assisted development workflows for faster implementation, debugging and problem-solving.

Weather Application

- Built a weather application using JavaScript and a weather API to display real-time weather information.

AI & TECHNICAL SKILLS

Languages: Python, Java, JavaScript, SQL **Frontend:** HTML, CSS, React.js

Backend: Node.js, Express.js **Databases:** Oracle SQL, MongoDB

AI-Tools: AI Coding Tools, AI-Assisted Debugging, Prompt-Based Development

Tools: Git, GitHub, VS Code **Other:** REST APIs, Socket.IO
